NOTICE

To: All Allied Health Members

From: Eugene B. Irish, Vice President

Date: February 11, 2021

Subject: Collective Bargaining

Happy New Years and best of 2021, to you and your families. I hope that you have remained safe during this pandemic and continue to do so as we try to navigate the fast changing issues of Covid-19.

During the year 2020, the Union met virtually or telephonically with Mrs. Rolda Mason of Human Resources Director at Schneider Regional on at least eight occasions for discussions and/or negotiations relative to the Allied Health pay plan. This pay plan was riddled with issues relative to classification credentialing, classification placement and several other matters that were brought to the Union's attention by Bargain Unit members, all of which will affect the amount of pay you would receive.

In order to address and negotiate a resolution to the multiple issues identified with the Allied Health pay plan, the committee and I along with Ms. Mason invested a significant number of man hours in research, discussions and negotiations to get a better understanding of the multiple issues. I am happy to advise you that we have completed all the heavy lifting. As recent as February 3, 2021, I have engaged in discussions with the Chief negotiator to schedule dates to present the fruits of our hard work and negotiate final salary numbers and terms of the increases. I have been assured by the Chief that she is working on it and dates should be forthcoming in short order.

The Union is ready to finalize these negotiations once the parties can agree to a date to continue discussions.
